

# ConservaHeat

**High Performance MultiFoil Insulation for effectively insulating Conservatories.**

**Equivalent to around 100mm of Glass Wool or 50mm of Rigid Board**

**ConservaHeat is a flexible, easy to install, multi-layer insulation that offers great thermal benefits**

**Completely Non Toxic and Non Irritant and 100% Recyclable**

**Great for Keeping Conservatories Cooler In the Summer and Warmer In The Winter**

Conservatory Insulations

**At only 15mm thick its open state ConservaHeat compresses down to around 6mm. Making it The ideal insulation for Conservatories.**

**With a Built in Vapour Control Layer ConservaHeat effectively stops any risk of condensation forming, as well as being a highly reflective True Aluminium insulation.**

**Save on Labour time. As there is no sawing or any Protective Clothing needed. Simply Cut ConservaHeat with a Sharp Blade or Scissors.**
